CONVENTION BUREAU

In collaboration with the Strasbourg Transport Company, Strasbourg Convention Bureau has launched a new preferential offer of transport services, designed for event organisers. Myticket is a single ticket valid for unlimited journeys over three days for the largest tram system in France, as well as buses. The tram network links hotels, conference venues, European institutions and city sights. Organisers can order passes before the event at a reduced price of €6.20 instead of the usual €9.30.
